## Computrol Brings on New A&E Manager

**MERIDIAN, IDAHO — May 2021 —** Computrol, Inc., a world-class provider of mid- to low-volume, high-mix electronic manufacturing services to OEMs, is pleased to announce that it has hired a new A&E Manager. Rose Scott is energetic, positive, reliable and hardworking, and takes pride in customer service and organization.

“Rose has proven herself to be a valuable member of the Computrol team and as an A&E Manager, she will bring even greater value to our customers,” stated Jon Hanson, VP Sales & Marketing. “I am excited to see what she will accomplish as she transitions into this new role.”

Through previous hard work with the company, Ms. Scott has developed a strong relationship with production and A&E staff. She has a Bachelor of Science from Eastern Oregon University.

Ms. Scott will act as single point of contact for Computrol customers. Some of her responsibilities include managing quotes, rescheduling requests, orders, product delivery and more.

Computrol continues to build on its core services and capabilities by investing in versatile, high-speed manufacturing equipment and technology, as well as continuing training programs for employees. For more information, visit [www.computrol.com](http://www.computrol.com).
