Bimos Appoints The JW Corporation as Exclusive Canadian Representative and Master Distributor

CHICAGO, IL — April 2025 — Bimos, the best-in-class manufacturer of specialty ergonomic seating for Science and High-Tech facilities, is proud to announce the appointment of The JW Corporation as its exclusive representative and master distributor for Canada.

With a strong reputation for technical expertise, integrity, and best-in-class service, The JW Corporation is uniquely positioned to bring Bimos' advanced ergonomic seating solutions to Canada's high-tech manufacturing and research sectors.

From cleanrooms and research laboratories to electronics production and industrial manufacturing, Bimos chairs are engineered for precision, comfort, and long-term durability. Bimos products are developed in close collaboration with professionals from the field, ensuring they meet the highest standards for performance and ergonomics in every specialized environment.

Founded in 2017, The JW Corporation was created to meet a growing demand for a fresh, innovative approach to technical sales representation in Canada. Under the leadership of Owner and President Jason Wahba, the company has grown rapidly by focusing on continuous learning, customer success, and industry-leading service.

"We are proud to partner with The JW Corporation to expand Bimos' presence in Canada," said Mark Scelfo, US Managing Director at Bimos. "Their deep knowledge of the Canadian high-tech market and reputation for customer service make them the ideal partner to represent our brand and support our customers across the country."
