FOR IMMEDIATE RELEASE

## Q Source Strengthens Partnership with PACE Worldwide, Showcasing Advanced Soldering and Rework Solutions

**BOHEMIA NY — April 2025** — Q Source is thrilled to announce the expansion of its collaboration with PACE Worldwide, a global leader in soldering, desoldering, and rework technology. This strategic initiative will enable Q Source to offer an extensive range of high-performance soldering stations, rework systems, and newly bundled solutions to meet the diverse needs of its customers.

PACE Worldwide is renowned for its innovative solutions in the assembly and repair of highly advanced electronics. Their comprehensive product line includes everything from single soldering stations to complex soldering solutions, all available at competitive prices. By partnering with PACE Worldwide, Q Source aims to provide its customers with access to top-tier technology and unparalleled expertise in the field.

The **PACE ADS200 AccuDrive® Soldering Station** ([8007-0579-P009](#)) delivers unparalleled performance, featuring AccuDrive® technology for precise thermal control without calibration requirements. With rapid heat-up and recovery, it ensures superior soldering performance for production environments.

For those requiring additional power, the **PACE ADS200 with Ultra-Performance Tip-Heater Cartridges** ([8007-0597-P009](#)) offers a robust solution with higher thermal capacity, making it ideal for challenging soldering applications.

The **PACE MBT360 Multi-Channel Rework System** ([8007-0576-P009](#)) is an all-in-one solution for soldering, desoldering, and SMT rework. Equipped with multiple handpieces and precise temperature control, the MBT360 is built to handle intricate electronics assembly and repair tasks with ease.

To further enhance efficiency, Q Source is offering exclusive PACE bundled kits, providing users with comprehensive solutions in a single package:

- **PACE AccuDrive® ST125 Bundle** ([8888-0310-P1-P009](#)) – A high-performance soldering system featuring AccuDrive® technology for fast and accurate heat delivery.
- **PACE ADS200 Bundle with Instant-SetBack Cubby** ([8889-0305-P1-P009](#)) – A cost-effective, ergonomic solution designed for precision soldering with added convenience.
- **PACE ADS200 Bundle with Adjustable Soldering Iron Stand** ([8889-0355-P1-P009](#)) – A versatile package combining top-tier soldering performance with improved workspace organization.

By strengthening our partnership with PACE Worldwide, Q Source continues to bring innovative, high-quality soldering and rework technology to our customers. For more information or to explore the full range of PACE Worldwide products, visit [www.qsource.com](http://www.qsource.com).
