Seika Machinery to Host Tech Days in Guadalajara, Showcasing Advanced Japanese Technology

TORRANCE, CA – March 2025 – Seika Machinery, Inc., a leading provider of advanced machinery, materials and engineering services, is bringing its Seika Tech Days to Guadalajara, Mexico. This exclusive event will highlight the latest industry innovations and offer hands-on demonstrations of cutting-edge Japanese technology.

The Seika Tech Days will take place over three days at two locations. On April 1-2, attendees can join Seika at the Holiday Inn Plaza del Sol's Salon Morelia. The event will conclude with a grand finale on April 3 at the Eleklab Showroom. Each day from 12 PM to 4 PM, industry professionals will have the opportunity to explore advanced solutions, including:

- **SAYAKA PCBA Router** – Precision cutting for PCB depaneling
- **MALCOM SMT Reflow Profiler** – Real-time monitoring for optimal reflow soldering
- **MALCOM DIP Tester for Wave Soldering** – Advanced testing for wave soldering performance
- **SAWA Handy Cleaner** – Efficient and reliable stencil cleaning solutions

Industry professionals are invited to register and take part in this hands-on experience, designed to help manufacturers improve efficiency, quality, and reliability in their production processes.
